### REPORT OF AWARENESS ON GRIEVANCE REDRESSAL

To support the goals of the grievance redressal cell, various activities are carried out periodically. One key activity, held annually, is the “Grievance Redressal Awareness Program.” At the start of each year, representatives from the grievance redressal cell visit each section to provide an overview of the grievance redressal policy, its objectives, and introduce the committee members for the current year. They emphasize that the campus is a zero-tolerance zone for ragging, and relevant information is posted on bulletin boards throughout the college. Students are also educated about the procedures for registering grievances should they encounter any issues during their time at the college.
